### PROFESSIONAL SUMMARY

---

Full-Stack Developer skilled in **MERN** and **MEAN** stack development with hands-on experience in building responsive web applications. Proficient in React, Angular, Node.js, MongoDB, and Express.js. Aspiring to leverage these skills to create efficient web solutions, deliver responsive designs, and enhance user satisfaction through best practices

### TECHNICAL SKILLS

---

- **Frontend:** HTML5, CSS3, JavaScript ES6, React.js, Angular, Typescript, Less, Sass
- **Backend:** Node.js, Express.js, MongoDB
- **Frameworks:** Bootstrap, Material UI
- **Development Methodologies:** Agile
- **Version Control System:** Git, Github

### PROJECTS

---

#### Travel and Tourism Platform (MERN STACK)

- Engineered a dynamic travel guide platform using MongoDB, Express.js, React, and Node.js, implementing cab, bus, train, and flight **booking functionality**.
- Developed a **bookmark feature** allowing users to save favorite destinations
- Built a responsive, **user-friendly UI** for an enhanced travel planning experience.
- Implemented advanced **search** and **filtering** for seamless navigation.
- Implemented **user authentication** with secure login and signup functionality, ensuring data protection and smooth user experience.
- Optimized **RESTful APIs** for efficient data retrieval and performance

#### Agreement Printing System (JavaScript)

- Developed and **delivered** a system for generating and printing **customized agreements** using JavaScript
- Implemented **dynamic** form inputs to allow users to customize agreements based on their requirements
- Designed a responsive and **user-friendly interface** for seamless document creation
- Integrated **PDF generation** and print-ready formatting for professional output.

#### Flipkart Clone (Angular)

- Developed a Flipkart-inspired **e-commerce platform** using **Angular** for seamless front-end functionality

- Implemented features like **product listing**, search functionality, and **category filters** for improved user experience.
- Integrated a **shopping cart, wish list**
- Utilized Angular **services** for efficient data handling and state management
- Focused on clean code structure following best practices to enhance scalability and maintainability.

## PROFESSIONAL QUALIFICATION

---

<b>Diploma in Full-Stack Development</b>	2025
Web code nexus perinthalmanna	
MERN Stack Development	
MEAN Stack Development	

## EDUCATION

---

<b>Diploma In Computer Engineering</b>	2023
State Board of Technical Education	
(first class distinction)	
Computer Engineering	
 <b>Higher Secondary</b>	 2020
Computer Science	

## PERSONAL DETAILS

---

- Date of Birth : 01 / 11 / 2002
- Marital status : Single
- Language known : English, Malayalam
- Location : Malappuram, Kerala-679338
